EMPLOYMENT AND EDUCATION

Oct/2026– Mar/2027	Assistant AI Researcher [upcoming role], Sony AI, Barcelona Postdoc research internship working on critical perspectives on text-to-music AI systems with Dr Fabio Morreale (AI Ethics Senior Research Scientist)
Nov/2025– Sept/2026	Research Fellow, Creative Computing Institute, University of the Arts London At the <i>Prototyping Radically Interdisciplinary Music AI Pedagogies</i> project, led by Prof. Rebecca Fiebrink, part of the <i>Music & Artificial Intelligence: Building Critical Interdisciplinary Studies</i> ERC-funded grant, (PI Prof Georgina Born, University College London)
Sept/2021– Sept./2026	PhD Student, Augmented Instruments Lab, Centre for Doctoral Training in AI and Music, Centre for Digital Music, School of Engineering and Computer Science, Queen Mary University of London Full grant covering tuition, stipend and travel and research expenses. Supervised by Prof Andrew McPherson (Imperial College London) and Prof Rebecca Fiebrink (University of the Arts London). Thesis title: 'Travelling the borderlands of musical instrument design: Creative-technical practice and its research narratives' [Submitted 06/July/2026; viva examination on 16/Sept/2026]. Visiting researcher at Imperial College London (2023–2026), University of the Arts London (2023–2025) and Berlin University of the Arts (July/2024).
Oct/2022– Jan/2026	Associate Lecturer, Creative Computing Institute, University of the Arts London Teaching graduate courses (Applied Machine Learning for Creatives [MSc]; Data Science and AI for the Creative Industries [MSc]): Multimedia Coding (fall 2025), STEM for Creatives (fall 2024), Artificial Intelligence for Media (spring 2025 + 2 invited lectures spring 2023), Natural Language Processing for the Creative Industries (fall 2022). Invited graduate lecture at Creative Computing Masters by research (fall 2025): 'Interdisciplinarity, computing and creative practice: STS, HCI and practice research'.
Nov/2024– Dec/2024	Teaching Assistant, Dyson School of Design Engineering, Imperial College London Graduate tutoring and final project marking at 'Gizmo: Physical Computing' course [MEng].
Apr/2023– Sept/2023	Software Development Intern, Bela, London Developing pybela, a Python for high-bandwidth data exchange between Python and the Bela embedded platform in real-time.
Jan/2022– July/2022	Teaching Assistant, Queen Mary University of London Tutoring and assessing undergraduate course 'Interaction Design' [BSc(Eng)]; assessing undergraduate course 'Interactive Media Design and Production' [BSc(Eng)].
Sept/2020– Aug/2021	Master's student, Sound and Music Computing, Music Technology Group, Pompeu Fabra University, Barcelona Average grade: 9.7/10. Master thesis ('Completing audio drum loops with Transformer neural networks'; grade: 10/10), supervised by Prof Sergi Jordà and Dr Behzad Haki at the Music and Multimodal Interaction Lab. Distinction award (Matrícula de honor) in Creative Computing.

Sept/2016– June/2020	Undergraduate student, Physics, School of Science, Autonomous University of Madrid Average grade: 7.8/10. Bachelor thesis done at RWTH Aachen.
Sept/2018– Sept/2019	Undergraduate exchange student, Acoustics and Physics, Institute for Hearing Technology and Acoustics, RWTH Aachen University, Germany Bachelor thesis ('Simplified binaural receivers for low frequency range acoustical simulations'; German grade: 1,3 – equivalent to 9.0-9.5/10), supervised by MSc Philipp Schäfer and examined by Prof Michael Vorländer. Erasmus exchange scholarship. All courses in German except from a couple of graduate-level courses taught in English.

AWARDS

Sept/2026	Organology Study Group Travel Grant to attend 2026 American Musicological Society (AMS) Annual Meeting + 1 year membership American Musical Instrument Society, 225 + 30 USD
July/2026	Postgraduate Research Fund, Queen Mary University of London, 1500 GBP (2030 USD)
July/2026	Professional Development Grant, Society of Spanish Researchers in the United Kingdom, 600 GBP (810 USD)
July/2026	4S conference travel grant, funded by the US National Science Foundation (NSF), 300 USD.
Sep/2021– Sep/2025	PhD Studentship, EPSRC, UKRI Centre for Doctoral Training in Artificial Intelligence and Music (EP/S022694/1) at Queen Mary University of London. Industrial sponsor: Bela (Augmented Instruments Ltd). Covers tuition (150050 GBP), living expenses (79135 GBP), travel and research budget (9000 GBP). 324,265 USD.
Sept/2025	Digital Good Network Research Internship grant to take a funded 6-month placement at startup, declined because of Research Fellowship offer, 6000 GBP (8120 USD).
Oct/2023– June/2024	Enrichment Scheme Award from The Alan Turing Institute, the UK's national institute for data science and artificial intelligence. Stipend and research grant, 4250 + 1000 GBP (7105 USD).
Sep/2018– Sep/2019	Erasmus+ scholarship stipend for undergraduate exchange at RTWH Aachen University, 2490 EUR (2890 USD)
Aug/2018	German Academic Exchange Service (DAAD) stipend for a C1 German course and accommodation at Ludwig Maximilian University of Munich, 950 EUR (1100 USD)

Embedded AI for NIME: Challenges and opportunities [Workshop]. *International Conference on New Interfaces for Musical Expression (NIME 2022)*. Auckland, New Zealand. <https://doi.org/10.21428/92fbeb44.76beab02>

ACADEMIC SERVICE

(2028)	Paper chair [appointed] at the International Conference on New Interfaces for Musical Expression (NIME)
2026–2028	NIME Board Member-at-large , elected by the NIME community.
2026	Workshop chair and session chair at NIME 2026; Journal paper reviewer for the Journal of New Music Research; Pictorial track reviewer at the ACM Tangible, Embedded and Embodied Interaction Conference (TEI 2026).
2024–2026	Member of the Scientific Committee at the UPF-BMAT Research chair on Artificial Intelligence and Music.
2022	Concert chair at the 11th International Workshop on Haptic & Audio Interaction Design (HAID 2022).
2025	Music performance track reviewer at the Computer Music Multidisciplinary Research Conference (CMMR 2025); Arts track reviewer at the ACM Creativity & Cognition Conference. (C&C 2025); Paper track and workshop tack reviewer, session chair at the International Conference on New Interfaces for Musical Expression (NIME 2025)
2024	Paper track reviewer and session chair , at the International Conference on New Interfaces for Musical Expression (NIME 2024); Journal paper reviewer at the IEEE Transactions on Human-Machine Systems Journal

SELECTED ARTISTIC RESIDENCIES, RELEASES AND PERFORMANCES

June/2025	Sonar+D AI Performance Playground (Barcelona, June 2025). Selected to take part in the the AI & Music Hacklab supported by S+T+ARTS, part of the music festival Sonar+D 2025. Performance at the Agora Stage (14/06/2025).
-----------	--

June/2024	Performance with Adam Pultz Melbye and our <i>Surfing Hyperparameters</i> system (see Pelinski et al., 2026) at the Embedded Algorithms Workshop held at the Berlin Open Lab, University of the Arts, Berlin (26/07/2024).
May/2024– June/2024	Released an EP with NX Records (2024) as part of the Goldsmiths No Input Ensemble. During the Spring 2023 semester I was also part of the Goldsmiths Laptop Ensemble.
Aug/2023– Dec/2023	Residency at Noods Radio. Presented and produced Officium, an hour-long monthly radio show on sacred choral music.
Oct/2021– Jan/2022	Residency at Phonos Foundation developing “no shell, just a voice”, a sound piece and web zine; the piece was released at La Membrana record label (2022) and shown at the 7th Music and New Technologies International Festival “Visiones Sonoras” in Michoacán, Mexico, in 2021.

CERTIFICATIONS

2020	Ironhack Madrid full-stack web development certificate after successful completion of 6-month course
2020	Goethe-Zertifikat (German language official certificate) C1
2014	Cambridge Certificate of Advanced English (CAE), C1
