RELEVANT EXPERIENCE

[Future role] **Assistant AI Researcher at Sony AI Barcelona** Oct. 2026 - March 2027
6-month postdoc internship with Dr Fabio Morreale (AI Ethics Senior Research Scientist) on a project that investigates a critical perspective on text-to-music systems, examining the often unexamined assumption that language can function as a meaningful interface for representing and conditioning music generation.

Research Fellow

at the Creative Computing Institute, University of the Arts London Nov. 2025 - Sept. 2026
I'm a researcher at the *Music & Artificial Intelligence: Building Critical Interdisciplinary Studies* ERC-funded Research Programme, led by Prof Georgina Born. I'm working on the *Prototyping Radically Interdisciplinary Music AI Pedagogies* project, led by Prof Rebecca Fiebrink.

Associate Lecturer

at the Creative Computing Institute, University of the Arts London Oct. 2022 - Jan. 2026
I've taught and assessed the following courses (all at the MSc Applied ML for Creatives, formerly MSc Data Science and AI for the Creative Industries): *Multimedia Coding*, *STEM for Creatives*, *Artificial Intelligence for Media*, *Natural Language Processing for the Creative Industries*. During this time I've also been a **Teaching Assistant** at the Dyson School of Design Engineering (Imperial College London), assisting at *Gizmo: Physical Computing*, part of the MEng Design Engineering (Nov. 2024 - Dec. 2024) and, previously, at the *Interaction Design* course at Queen Mary University of London (Jan. 2022 - May 2022); and a **Teaching Associate** at Queen Mary University of London, assisting at the *Interactive Media Design and Production* module part of the BSc(Eng) Telecommunications Engineering with Management (June 2022 - May 2022).

Software Development Internship at Bela

Apr. 2023 - Sept. 2023
Developing pybela, a library for interfacing the Bela embedded platform with Python in the context of embedded AI.

EDUCATION

Queen Mary University of London, UK

Sept. 2021 - Sept. 2026

Writing-up PhD student, supervised by Prof Andrew McPherson (Imperial College London) and Prof Rebecca Fiebrink (University of the Arts London). Tentative thesis title is *Music Technology and its Borderlands: on Creative-Technical Practice and Research*. Expected submission: June 2026; viva: September 2026. Other affiliations: Visiting researcher at Imperial College London (2023-present), University of the Arts London (2023-2025) and Berlin University of the Arts (July 2024). Enrichment Scheme Award placement at the Alan Turing Institute (Oct. 2023 - June 2024).

Universitat Pompeu Fabra, Spain

Sept. 2020 - Aug. 2021

MSc Sound and Music Computing (60 ECTS). Average grade: 97%. Master thesis on drum loop generation with Transformers (Grade: 100%), supervised by Prof Sergi Jordà and Dr Behzad Haki at the Music and Multimodal Interaction Lab, part of the Music Technology Group.

RWTH Aachen University + Institute for Hearing Technology and Acoustics, Germany

Oct. 2018 - Sept. 2019

Erasmus scholarship. 5 modules (20 ECTS) on acoustics at the Institute for Hearing Technology and Acoustics. Bachelor thesis on binaural audio simulations supervised by MSc Philipp Schäfer and examined by Prof Michael Vorländer, grade: 95%.

Universidad Autónoma de Madrid, Spain

Sept. 2016 - June 2020

B.Sc. Physics (4 years, 240 ECTS). Focused on theoretical physics. Average grade: 78%.

PEER-REVIEWED CONFERENCE & JOURNAL PAPERS

- **Pelinski, T.**, Green, O., Fiebrink, R., Born, G. (forthcoming 2026). Critical Computing Education Requires More Than Ethics—It Requires Radical Interdisciplinarity. *Communications of the ACM* (Opinion piece).
- **Pelinski, T.**, Melbye, A. P. & McPherson, A. (forthcoming 2026). When AI doesn't sound like AI: negotiating aesthetic expectations in technology-mediated musical practice. *Organised Sound* (Journal paper at the forthcoming Special Issue on *Embedding Algorithms in Music and Sound Art*).
- **Pelinski, T.**, Moro, G. & McPherson, A. (2025). pybela: a Python library to interface scientific and physical computing. in *Proceedings of the International Conference on New Interfaces for Musical Expression*. Canberra, Australia. (Conference paper)
- **Pelinski, T.**, McPherson, A., & Fiebrink, R. (2024). Ways of knowing, ways of writing: technical practice research in new musical instrument design. *Journal of New Music Research*, 53(1–2), 79–92. (Journal paper at the Special Issue on *Technoscientific Practices of Music: Critical Implications of New Technologies*)
- **Pelinski, T.**, Diaz, R., Benito Temprano, A. L., McPherson, A., (2023) Pipeline for Recording Datasets and Running Neural Networks on the Bela Embedded Hardware Platform in *Proceedings of the International Conference on New Interfaces for Musical Expression*. Mexico City, Mexico. (Conference Paper)
- Haki, B., **Pelinski, T.**, Nieto, M., Jordà, S. (2023). Completing Audio Drum Loops with Symbolic Drum Suggestions in *Proceedings of the International Conference on New Interfaces for Musical Expression*. Mexico City, Mexico (Conference Paper)
- Haki, B., Nieto, M., **Pelinski, T.** & Jordà, S. (2022). Real-Time Drum Accompaniment Using Transformer Architecture. *Proceedings of the 3rd Conference on AI Music Creativity*. Online, anywhere. (Conference Paper)
- **Pelinski, T.** (2022). Sensor mesh as performance interface. *International Conference on New Interfaces for Musical Expression*. (Doctoral consortium)
- **Pelinski, T.**, Haki, B., Jordà, S. (2021). Completing Audio Drum Loops with Transformer Neural Networks. *DMRN+16: Digital Musical Research Network One-Day Workshop*. Queen Mary University of London, UK. (Workshop paper)

CONFERENCE PAPERS & TALKS WITHOUT ASSOCIATED PUBLICATION

- **Pelinski, T.** Cyberpunk inversions and chatbot escapes. At the *Many, Many Machine Agencies: Recipes for Posthuman-Human Encounters* panel at the *Society for Social Studies of Science* (4S 2026) conference. Toronto, Canada. (Accepted abstract at conference)
- **Pelinski, T.**, Green, O., Fiebrink, R., Born, G. (forthcoming 2026). Prototyping Radically Interdisciplinary Music AI Pedagogies. At the *Futures and Critical AI Literacies: Resisting inevitability narratives through creative methods and critical pedagogy* panel at the *European Association for the Study of Science and Technology* conference (EASST 2026). Kraków, Poland. (Accepted abstract at conference)
- **Pelinski, T.**, Born, G. (2026) Beyond ethics, for a critical interdisciplinary music AI pedagogy. at *AI Music Studies Conference 2026*. University of Nottingham, UK. (Conference paper presentation)
- McPherson, A., **Pelinski, T.** (2026) Of ghosts and slop: is there 'an' AI music aesthetic? at *AI Music Studies Conference 2026*. University of Nottingham, UK. (Conference paper presentation)
- **Pelinski, T.** (2024) The dialectics of resistance and accommodation in the practice of debugging. at *Code as Conversation: Transmedia Dialogues Around Critical Code Studies*. Cambridge University, UK. (Conference paper presentation)
- **Pelinski, T.**, Caspe, F., McPherson, A., Sandler, M., (2023) Computing ecosystems: neural networks and embedded hardware platform in *CHI2023 Workshop - Beyond Prototyping Boards: Future Paradigms for Electronics Toolkits*. Hamburg, Germany. (Workshop position paper)
- **Pelinski, T.**, (2022) Anomaly detection as means of sensing subtlety and nuance in musical gesture in *Embedded Perspectives of Musical AI Workshop*. Oslo, Norway. (Workshop talk)

- **Pelinski, T.**, (2022) Some considerations on the design of digital musical instruments. *Jornada de Organología (Organology Seminar)* at Universidad Complutense de Madrid, Spain. (Invited talk)

ORGANISED CONFERENCE WORKSHOPS

- Martin, C. P., **Pelinski, T.** (2024) Building NIMEs with Embedded AI. *International Conference on New Interfaces for Musical Expression*. Utrecht, Netherlands.
- Jourdan, T., **Pelinski, T.**, Scurto, H. (2024) First-person and second-person perspectives for ML in NIME. *International Conference on New Interfaces for Musical Expression*. Utrecht, Netherlands.
- Armitage, J., Shepardson, V., Privato, N., **Pelinski, T.**, Benito Temprano, A. L., Wolstanholme, L., Martelloni, A., Caspe, F. S., Reed, C. N., Skach, S., Diaz, F., O'Brien S. P., Shier, J. (2023). Agential Instruments Design Workshop. *AI and Music Creativity Conference*. Brighton, UK.
- **Pelinski, T.**, Shepardson, V., Symons, S., Caspe, F. S., Benito Temprano, A. L., Armitage, J., Kiefer, C., Fiebrink, R., Magnusson, T., & McPherson, A. (2022). Embedded AI for NIME: Challenges and Opportunities. *International Conference on New Interfaces for Musical Expression*. Online.

ACADEMIC SERVICE

- Workshop Chair at the International Conference on New Interfaces for Musical Expression (NIME 2026), Concert Chair at the 11th International Workshop on Haptic & Audio Interaction Design (HAID 2022).
- Reviewer for the ACM Tangible, Embedded and Embodied Interaction Conference (TEI 2026, Pictorials track), Computer Music Multidisciplinary Research Conference (CMMR 2025, Music performance track), ACM Creativity & Cognition Conference. (C&C 2025, Arts Track), International Conference on New Interfaces for Musical Expression (NIME 2025: Paper track, workshops track, NIME 2024: Paper track), IEEE Transactions on Human-Machine Systems Journal (2024).
- Member of the Scientific Committee (2024-2026) UPF-BMAT Chair on Artificial Intelligence and Music.

AWARDS

- Awarded the Digital Good Network Research Internship by the ESRC Digital Good Network (2025-2026, funded with £6000 for a 3-month internship, declined after being offered the UAL Research Fellowship).
- PhD Studentship (Sep. 2021 - Sep. 2025) - EPSRC UKRI Centre for Doctoral Training in Artificial Intelligence and Music (EP/S022694/1) at Queen Mary University of London. Industrial sponsor: Bela (Augmented Instruments Ltd). Covers tuition, living expenses, travel and research budget.
- Turing Enrichment Scheme Award (Oct. 2023 - June 2024) placement at The Alan Turing Institute, the UK's national institute for data science and artificial intelligence. Monthly stipend and research grant (£1000).
- Erasmus+ grant (Sep. 2018 - Sep. 2019) monthly stipend for an undergraduate exchange with RTWH Aachen University.
- German Academic Exchange Service (DAAD) stipend for a C1 German course and accommodation at Ludwig Maximilian University of Munich (Aug. 2018).

SELECTED ARTISTIC RESIDENCIES, RELEASES AND PERFORMANCES

- Sonar+D AI Performance Playground (Barcelona, 2025). I was selected to take part the AI & Music Hacklab supported by S+T+ARTS, part of the music festival Sonar+D 2025. Performance at the Agora Stage on 14-06-2025.
- Performance with Adam Pultz Melbye and our *Surfing Hyperparameters* system (see Pelinski, Melbye & McPherson 2026) at the Embedded Algorithms Workshop held at the Berlin Open Lab, University of the Arts, Berlin.
- Goldsmiths No Input Ensemble (London, May-June 2024). I was part of the Goldsmiths EMS No Input Ensemble. We released an EP with NX Records (2024). During the Spring 2023 semester I was also part of the Goldsmiths Laptop Ensemble.

- Residency at Noods Radio (Bristol, Aug-Dec 2023). Presented and produced Officium, an hour-long monthly radio show on sacred choral music.
- Residency at Phonos Foundation (Barcelona, Oct-Jan 2021/22) developing “no shell, just a voice”, a sound piece and web zine on the body in artificially-generated voices. It was released in La Membrana record label (2022) and shown at the 7th Music and New Technologies International Festival “Visiones Sonoras” in Michoacán, Mexico, in 2021.

LANGUAGES

Full proficiency in English (Cambridge Certificate of Advanced English awarded in 2014), Spanish and Catalan (native). Very advanced (C1) level of German (Goethe-Zertifikat C1 awarded in 2020). Medium-basic level of French, currently working on becoming fluent and acquiring full professional proficiency.
